The human eye is a truly magnificent piece of optical equipment, having practically the maximum theoretical resolution possible for its aperture and excellent sensitivity in comparing similar colours and shades. However, in modern warfare it has some severe limitations, many of which may be overcome by using Barr & Stroud equipment.

The eye is sensitive only to visible light, which is a very small part of the electromagnetic spectrum. We make glasses to transmit the longer wavelengths in the infra-red, used in missile guidance systems and proximity fuses, and also design and make airborne radar equipment, using much longer, millimetre wavelengths.

Barr & Stroud sights, periscopes and rangefinders all extend the usefulness of the eye, particularly in making measurements and observing detail. A pair of eyes acts as a simple stereoscopic rangefinder, but is not accurate. Barr & Stroud, who invented the forerunner of the modern optical rangefinder 79 years ago, now make laser rangefinders giving even greater accuracy, particularly over longer distances.

The Navy List is compiled and published by order of the Defence Council for the convenience of the Naval Service, but as errors may occasionally occur the Council must expressly reserve the right to determine the status of any Officer according to the actual circumstances of the case, independently of any entry in the Navy List.

NOTES

Officers and others who may notice errors or omissions in the List are invited to communicate direct with

The Editor of the Navy List,
Ministry of Defence (N.P. 2),
Old Admiralty Building,
Whitehall,
London, S.W.1,

mentioning the ship and page in question. Communications should be marked " On Her Majesty's Service," and need not be stamped.

The Navy List is published four times a year—in the Spring, Summer, Autumn and Winter.

The Spring edition is the full edition, on sale to the public, and is published in March. The other editions are abridged and contain only the alphabetical list of officers of the R.N., R.M. etc., the list of ships and air squadrons, etc., with their key officers and a few other pages, but the Autumn edition also contains the seniority lists of R.N., R.M., Q.A.R.N.N.S., W.R.N.S. and Commonwealth officers. The Summer, Autumn and Winter editions are published in June, September and December respectively.

The Navy List of Retired and Emergency List Officers is published in November every other year, the next edition being 1967.

The rates of pay, regulations, &c., are contained in a special sale publication entitled "Appendix to the Navy List," which is published annually in August.

Officers who succeed to peerages, baronetcies, or courtesy titles should immediately notify the Editor in order that the necessary alterations may be made in the Navy List and official records.

The degrees shown after Officers' names in the Navy List are not necessarily a complete list of those held, but, generally speaking, are confined to degrees of an honorary nature conferred specially upon an Officer, and those which are so related to the professional duties of an Officer as to give some indication of his professional qualifications.

This edition of the Navy List is corrected to include those promotions, appointments, etc., promulgated on or before 26th October, 1966 as becoming effective on or before 31st January, 1967.

The above list is issued for the information of Captains of Her Majesty's Ships with reference to the provisions of Article 1252 of the Queen's Regulations and Admiralty Instructions, under which they are authorised to ascertain whether British Merchant Ships (including Fishing Vessels) flying the Blue Ensign of Her Majesty's Fleet are legally entitled to do so.

2. The detailed regulations issued by the Ministry of Defence (Navy Department) and the Board of Trade lay down the following conditions relative to the wearing of the Blue Ensign:—

The Blue Ensign *is not to be worn if*—

(*a*) from any circumstances, the Officer to whom the Warrant was issued is not in command of the ship;

(*b*) the number of persons qualifying as "reservists" (see *Note* below), in addition to the Commanding Officer, is less than the following requirement:—

(i) in a ship other than a fishing vessel, one reservist officer,

(ii) in a fishing vessel, four reservists,

unless it can be shown by the endorsements on the Agreement or by entries in the official log, that the reduction in the number has been caused by death, sickness, desertion, or joining a British Man of War, or by some unavoidable casualty.

3. Commodores and Captains on the active or retired lists of the Royal Naval Reserve or Commonwealth Naval Reserves qualify for the privilege in their own right, without the requirement of a number of reservists.

4. Article 1252 of Queen's Regulations and Admiralty Instructions prescribes the action to be taken by the Captain of one of Her Majesty's Ships if a merchant ship is found to be wearing the Blue Ensign without the Warrant or otherwise not complying with the foregoing regulations.

Note.—"Reservists" can include Officers and men of the Royal Naval Reserve or of a Commonwealth Naval Reserve, time-expired ratings who have completed 20 years' service in the Royal Naval Reserve, members of the Royal Naval Special Reserve, Officers on the retired or emergency lists of the Royal Navy or of a Commonwealth Navy, men belonging to the Royal Fleet Reserve, Royal Naval Pensioners and Royal Marine Pensioners.

Parents who are leaving the Service (or who have left it) are entitled to apply to their Local Education Authority for assistance with tuition fees.

The School is an independent civilian School with two grammar school streams and three secondary modern streams offering a full secondary school curriculum on the basis that all boys will complete a five-year course and during the Summer term of their fifth year will take the appropriate nationally recognised first School Leaving Examination, i.e. G.C.E. ' O ' level for boys in the grammar school streams and C.S.E. for boys in the secondary modern streams.

Some boys then leave to start their careers, but for boys nominated on the basis that they are likely to profit by them, the following further courses are available:—

either

(*a*) for boys of requisite ability the standard VIth form course of two (or in some cases three) years leading to G.C.E. ' A ' level examination, success in which qualifies boys academically for entries to the Universities and Professions and for Cadetships in the Armed Forces;

or

(*b*) for boys from all streams, a one-year course affording the opportunity to aim at certain G.C.E. ' O ' level subjects in which they will at any rate be able to profit by, and participate fully in, the academic courses involved.

Despite the School's strong naval traditions, boys are quite free to aim at the career of their choice, and the fullest careers guidance is given to all.

Grants to Children of Officers. A limited number of grants, within a normal maximum of £80 per annum, are available in aid of the education and maintenance of sons and daughters of deceased or distressed Commissioned Officers of the Royal Navy and Royal Marines.

Grants to Children of Ratings. Grants within a normal maximum of £80 per annum are available in aid of the education and maintenance of sons and daughters of deceased or incapacitated non-Commissioned Officers, Petty Officers and men of the Royal Navy and Royal Marines and of men of the Reserve Forces killed or drowned in service.

Further information on all the above activities may be obtained from the Director of Greenwich Hospital, 13, Devonshire Square, London, E.C.2.

LORD KITCHENER NATIONAL MEMORIAL FUND

50, PALL MALL, LONDON, S.W.1

Kitchener Scholarships (about 40 of varying value) are awarded annually, by competitive selection:—

(*a*) to sons of officers and men and women or of ex-officers and men or women with approved service in the Royal Navy, Army or the Royal Air Force, who are over 17 and under 20 years of age on 1st January of the year of competing (but the Committee may consider applicants over 20 who had before that age begun an approved course) or who, if they had done Regular or National Service, are under 30 years of age on 1st January of the year of competing;

(*b*) to applicants of male sex under 30 years of age on 1st January of the competing year who have served in the Royal Navy, Army or the Royal Air Force.

Since 1945 the Fund has received valuable assistance from King George's Fund for Sailors, the Army Benevolent Fund and the R.A.F. Benevolent Fund in carrying out this object.

Since 1951 it has administered also for the King George's Fund for Sailors, the male section of the South African Women's Auxiliary Service Memorial Scholarships, under similar conditions, but for service in the Royal Navy only.

Kitchener Medical and Dental Services Scholarships, for which the money is provided by the Services, are awarded similarly each year, two each for each service:

(*a*) to sons of officers and men or women or of ex-officers and men or women of Her Majesty's Regular Forces;

(*b*) to sons of officers and men or women or ex-officers and men or women of the Reserve and Auxiliary Forces who served in the Great War of 1914–18 and/or the World War of 1939–45, who are over 17 and under 20 years of age on 1st January of the year of competing (but the Committee may consider applicants over 20 who had before that age begun an approved medical or dental course) and who require financial assistance to undergo a course of medical or dental education with a view to obtaining commissions in the Medical or Dental Branches of the Royal Navy, Army or the Royal Air Force.

The scholarships are granted on the conditions that the scholar, on becoming qualified to practise medicine and surgery or dentistry, will apply at once for a commission, under current regulations, in the Medical or Dental Branch of the Service for which he was selected and that if granted such a commission he will render not less than five years' actual service on full pay; if, however, he does not continue in the service and serve for at least 15 years, the money spent by the Service on his scholarship will be deducted from any gratuity that may be due to him on relinquishing his commission.

Applications for both classes of scholarships can be received only in January or February each year, and must be made on an application form obtainable during those months *from the Secretary at the above address.*

This may range from nil to a maximum of £200 on the entry of a child, but larger contributions may be required subsequently if the parents' circumstances improve. The scale is liable to alteration at any time.
